YEAR participate in Causeway Youth Festival

On 20th September, YEAR took part in the Causeway Youth Festival organized by Causeway Association of Urban Sports (CAUS).

This event allowed YEAR to provide volunteering opportunities for some of the young people that we are currently engaged with.

It also provided an opportunity for YEAR to engage with other young people and to find out what services, support etc they feel they need so that we can better cater our services to them.

Hard Work Pays Off

Well done to the Young People of Kilrea who celebrated the completion of the YEAR project on Tuesday 30th September.

As part of the celebration of their achievements the young people organized an event in Kilrea Town Hall to showcase the range of work and activities that they had participated in throughout the duration of this project.

The event was well attended by parents and guardians as well as MLA John Dallat, Cllr Roisin Loftus, Albert Clyde (RDA), Tony (Kilrea Town Hall) and Amanda McAuley (CRUN).

The young people made speeches, presented photographs of their work and provided refreshments in the form of fruit mocktails.

The evening culminated in the presentation of certificates to the young people by Cllr Loftus.
